### **DETAILED ACTION**

1. Claims 1-4, 8-11, 14, and 16-21 are pending. Claims 8-11 and 16-17 are withdrawn from consideration as being drawn to non-elected species.
2. Applicant's arguments with respect to claims 1-4, 16, 18-21 have been considered but are moot in view of the new ground(s) of rejection.
3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

### ***Claim Rejections - 35 USC § 112***

4. Claims 1-4, 14, and 18-21 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Claim 1 as currently cast contains new matter because there is no support for a base metal alloy powder comprising at least from about 58% by weight Ni, about 02 to 30% by weight Cu and about 6 to 40% by weight Cr. While there is support for a base metal alloy powder comprising at least 58% by weight Ni, about 6% to 40% by weight Cr, Table 3; there is no support for the upper limit of Cu (to 30% by weight Cu) in the Table. The limitation "at least 15 ppm by weight Zr" recited in claim 21 contains new matter because while there is a support for Zr in the amount of 15 to 175 ppm, there is no support for it in the amount higher than 175 ppm.

### ***Conclusion***

5. **THIS ACTION IS MADE FINAL.** Note that the above rejection is mostly is a repeat of the rejection made in office action mailed 5/3/06. Since examiner inadvertently overlook the new matter pertaining to Cu in the last office action, the rejection is therefore made final. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1742

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
